

Tells People Of Occupied Countries To Help Invasion

By NED NORDNESS  
London, May 22 (AP) — Gen. Dwight D. Eisenhower's supreme headquarters told the peoples of occupied countries today more ways to help the invasion armies — by providing intimate knowledge about roads, bridges, rivers, woods and possible landing fields.

The broadcast came after a German threat of "terrible and bloody reprisals" against any French Patriots who heed Eisenhower's previous call to take up arms and help the invasion forces.

A member of Eisenhower's staff told the radio listeners:

"Listen carefully. For some time you have been receiving from voices already well known to you advice and instructions on how to prepare yourselves for the final phase of the struggle for liberation.

Further Advice  
"The supreme commander wishes you to know that what you have heard is in accordance with his plans and wishes. In due course, you will receive advice and instructions from the supreme commander himself. In the meantime, he directs you to continue to note well and to act on advice and instructions by speakers whom I introduce in his behalf.

"Now here is a speaker to give you the second operational instructions." This speaker said:

"The subject is the importance of everyone having the fullest knowledge of his or her own surroundings. This applies equally to town and country districts. Allied forces or individuals will repeatedly want information. Often they will want guides. It is very important that this information should be accurate and that guides should be quite certain of the way by day or night.

Roads, Rivers  
"Answers might be wanted to such questions as these:

"First about roads. How many roads come into the town or village? Are they marked or easily identified? Are there any road blocks? If so, is there any way around them? If main roads are not usable, what are the alternative routes? Are fields passable to an ordinary motor car? "The next is about woods. Are there any large or small woods close by here? Have any been cut recently? Are these woods full of undergrowth or could army transport be hidden in them? Are there any paths and are they passable to an ordinary motor car?"

"The next is about rivers and streams. How deep is the water? Is the bottom muddy? Are the banks steep?"

Landing Field  
"Information about bridges might be wanted.

"The next is about possible spaces for landing aircraft. Any piece of level unobstructed ground 400 meters or more in length is available if — and this is most important — there is no high obstruction such as trees on the side from which aircraft would approach. "By the way, leaflets giving these instructions more fully are being dropped from aircraft. The Germans may scatter fake leaflets. You can recognize the Allies' leaflets because they duplicate the instructions just given, you."

Jere Taughinbaugh, six-year-old son of Mr. and Mrs. Edward Taughinbaugh, Hunterstown, suffered a bruised forehead Saturday evening at 7:30 o'clock when he started across a street in Hunterstown and ran into the side of a car being driven east by J. L. Lawver, Biglerville. The youngster was taken to Dr. Wilbur H. Miller, New Oxford, for treatment by his father. Pvt. George Ackerson, who investigated, laid no charges.

Judge Speaks At Jaycee Conference

Judge W. C. Sheely, one of the Saturday afternoon speakers at the second annual war conference of the Pennsylvania Junior Chamber of Commerce in Harrisburg, said that juvenile delinquency problems are being over-publicized.

Publicity being given juvenile misdemeanors, he pointed out, is causing children in one town to desire to emulate those in other towns and is making adults over-conscious of juvenile problems.

Judge Sheely blamed many of the present juvenile problems on a restless spirit brought on by the war and said that children now are able to get good paying jobs, and do not know how to spend their wages wisely.

He declared juvenile problems cannot be cured by dictating to youth and urged more consideration of the wants of children and formation of youth clubs with meetings in supervised surroundings.

TELLS OF RAIDS ON BEACHHEAD, ANZIO, ITALY

An interesting letter was received today from Private Harry S. Oyler, 21-year old son of Mr. and Mrs. Harry M. Oyler, Baltimore street.

Private Oyler is with an Amphibious Engineer outfit and made the original landing on the Anzio beachhead, Italy, where he lost most of his personal belongings. He is still there and his letter reveals some of the "excitement" of war. Young Oyler was 21 years old last January 30th. He has been in service fifteen months and has been overseas a year. His letter follows:

"In view of your generous services to the service men and women of Adams county, the least I can do to repay you, is to write you an occasional letter and try to give you a little second handed news on how things are going over here. I say second handed because you people undoubtedly know more about the war than we do.

"Even though the front lines are only a few miles away, war has become such an accepted fact in our lives that we sometimes like to avoid the news in order to try to forget all the hell of modern warfare. Before I go any farther, I might add, I am at the present on the Anzio Beachhead.

Original Landing  
"As my outfit is an amphibious Engineer outfit, we made the original landing and are in the thick of it. The first two months here can be described no other way than a living hell.

"The original landing came off as though it were a dry run but after 4 or 5 days, we found out that Jerry hadn't forgotten we were here. Air raids came on the average of 6 or 8 times a day and, due to the small size of the beachhead, there was not one square foot of ground that was not subject to shell fire. The cities of Nettuno and Anzio were being shelled by guns supposed to be located at Rome, and I know that all of us were in fear of our lives.

"Our regiment, like all the others located here during those two trying months, did not escape untouched. (Please Turn to Page 5)

LOCAL CADETS LEAVE SUNDAY

With the departure of almost one hundred aviation students from the 2136th AAF Base Unit (College Training Aircrew) at Gettysburg college, for a southern base Sunday night the local Detachment is now stripped to less than 50.

Green, tactical officer, was in charge of the contingent which will be merged with other units on a special train at Pittsburgh for the balance of the journey.

It is expected that the rest of the unit here will leave this week for a southern base where they will continue their pre-flight training.

Three members of the enlisted personnel of the medical unit here will also leave this week. Orders have not been received for members of the permanent party and the remaining officers. It is not known when they will leave.

McMichaels, national association president, will attend and the annual election of officers will be conducted.

MARCUS ISLAND IS ATTACKED BY CARRIER FORCE

By J. B. KRUEGER  
Associated Press War Editor

Marcus Island, 1,190 miles southeast of Tokyo, was heavily attacked Saturday by a carrier-borne force, a Japanese broadcast disclosed today. The worried enemy, added Berlin radio, sounded air raid alarms throughout north and east Japan.

"Enemy naval units," presumably Pacific fleet ships under command of Adm. Chester W. Nimitz, approached from the east and launched a two-day aerial blow against the small but strategically situated island. A Tokyo broadcast said that 32 raiding planes were shot down.

The broadcast was the first word of such a strike—first against Marcus since Sept. 1 last year—and recalled that the Japanese were the first to disclose last week's carrier raid against Soerabaya, Java.

Second Raid

The island is some 700 miles east of the Japanese-held Bonin islands, 700 miles northwest of Wake and almost midway between Tokyo and the Marshalls.

In last September's heavy raid 80 per cent of Marcus' military installations, according to Nimitz' estimate, were destroyed. It worried Tokyo enough to force the broadcast admission then: "The enemy could have raided the mainland if he wanted to."

Tokyo was approached from still another direction, and much closer than Marcus Island. A Liberator bomber Thursday struck at Shimushu, a Kurile island 400 miles from Nippon's main islands, thus achieving the closest approach yet of any land-based Allied plane to the enemy capital. Other airmen under Nimitz' command also bombed Nauru island and enemy-held Marshall bases.

Pratas Bombed

Pratas island, 190 miles southeast of Hong-Kong on the China coast, likewise was bombed, the targets being a radio station, shipping and buildings. The island is 275 miles from the Philippines.

The most important land fighting of the Pacific war centered in the seemingly-imminent victory of Lt. Gen. Joseph W. Stilwell over the enemy defending Myitkyina in northern Burma. The Japanese were boxed in on three sides and appeared on the verge of collapse. Myitkyina is vital to control of the Burma road.

Bigger To Manage Graeffenburg Inn

Robert Bigger, of Pittsburgh, today assumed the management of Graeffenburg inn, 14 miles west of Gettysburg on the Lincoln highway. Mr. Bigger succeeded Miss Margaret Lumlin, who resigned.

Mr. Bigger has been affiliated with the hotel industry for some time. He was at various times affiliated with the Penn Harris hotel, Harrisburg, and the Hotel Gettysburg.

"Abusive" Motorist Pays Fine Of \$10

D. J. McLaughlin, Erie, became "abusive" Sunday morning about 12:20 o'clock when Chief of Police H. S. Roberts, Littlestown, stopped the driver in center square, that place, because of an infraction of a borough ordinance prohibiting circular turns in center square. McLaughlin was arraigned before Justice of the Peace Howard G. Blocher, Littlestown, on a disorderly conduct charge.

He posted a \$14.50 bond for his appearance at a hearing this morning. When he failed to appear for the hearing his bond was forfeited.

R. P. FUNKHOUSER ILL

Roy P. Funkhouser, manager of the local Victor Products plant, was removed to the Union Memorial hospital, Baltimore, this morning in the Gettysburg ambulance for observation.

Mr. Funkhouser was stricken on Sunday morning about 5 o'clock with an abdominal pain the cause of which has not as yet been determined.

By NOLAND NORGAARD

Allied Headquarters, Naples, May 22 (AP)—U. S. troops have entered the Germans' coastal anchor of Terracina, 24 miles from the Anzio beachhead, it was announced today as the mountainous Hitler line cracked under Allied advances all along the front.

To the northwest, one bastion guarding the Liri Valley approach to Rome was toppled and another put under siege, while Fifth Army men hammered toward the central pivot town of Pico.

Only light German rearguards including non-combat units defended Terracina—coastal end of the Nazis' third southern defense wall—and beyond lay the Pontine marshes and the Fifth Army troops massed on the Anzio beachhead. The fleeing Nazis hid their movements around the eastern flank of that beachhead with smoke screens.

Poles Mop Up Trapped Germans

Poles of the Eighth Army burst into Piedimonte on the north side of the Liri Valley west of Cassino, and were mopping up trapped Germans.

At the lower edge of the valley, the Allies punched into the outskirts of Pontecorvo, and in the center of the Italian front cut the Pontecorvo-Pico road, seizing Monte Leucio, and driving toward Pico itself. Pico is the swing point of the line to Terracina, hastily manned when the Fifth Army crushed the southern flank of the first Hitler defenses.

(The German command, suggesting Pico might already have fallen, broadcast that Allied troops had broken into the town repeatedly, but had been thrown back. It acknowledged heavy pressure at Pontecorvo, and said the Allies had been repelled northwest of that city, with Allied bridgeheads "set up across the Liri yesterday" being wiped out. A Swiss broadcast said Pontecorvo had been taken by the Eighth Army.)

Nine-Mile American Advance

Headquarters said the Germans were putting up "determined resistance" all along the Eighth Army or northern front.

Terracina was entered in a swift nine-mile American advance on the west coast.

Just ahead of the advancing United States forces lay the Pontine marshes, parts of which have been flooded by the Germans and made impassible. The rate of advance the Fifth Army troops could maintain across the area remained problematical.

In The Air

London, May 22 (AP)—Flying Fortresses bombed the German submarine center of Kiel and U. S. Liberators pounded German fortifications in the Pas-de-Calais area of France today after a night in which 750 heavy British bombers saturated the major inland Nazi port of Duisburg with 2,800 tons of explosives.

The double-barreled daylight blow carried the newest Allied aerial prelude to the western invasion past 80 hours of continuous day-night attacks.

Up to 250 Flying Fortresses and the same number of Liberators, each group protected by swarms of American fighters, struck the twin assault.

Hannover, a rail and rubber center, and a German airfield in Belgium, were other British targets of the night.

In all some 3,000 Allied planes, most of them fighters, sprayed nearly every moving piece of Nazi transport sighted in western Europe yesterday with cannon and machinegun fire. These fighter sweeps and the RAF night blows dovetailed into the Allied strategy aimed at crippling Germany's movement of troops and supplies to combat the impending invasion from the west.

Near Tokyo

An Aleutian Base, May 19 (Delayed) (AP)—The air advance on Tokyo jumped halfway down the Kuriles when an Army 11th Air Force mission reached Shimushu island only 900 miles from the Japanese capital.

Second Lieut. John A. Nixon, Jr., Omaha, Neb., pilot of a Liberator bomber and leader of the mission, reported bombs were dropped on Shimushu and nearby Ketoi islands.

(It was reported from fleet headquarters in Pearl Harbor that only one plane dropped bombs on Shimushu and Ketoi.)

It was the closest approach to Japan proper by either an Army or Navy raiding mission since the Doolittle raid in 1942. Shimushu is about 100 miles closer to Tokyo than Matsuwa, the previous nearest approach and about 250 miles southwest of Parashiro. It is only 300 miles from the Japanese mainland at Hokkaido.

Red Line Quiet

These German reinforcements were joining in futile counter-attacks in the Pico area along the lower edge of the Liri valley. The Russian front was quiet for the 31st straight day. Some 600 Germans died in local skirmishes on the lower Dnestr river, Moscow said. Italian partisans in the north added to German difficulties by occupying six Nazi divisions of the 25 in Italy.

MENINGITIS CASE

Suffering from cerebro-spinal meningitis, Mrs. Albert Rang, Littlestown R. 2, aged 20 years, was placed under quarantine Sunday by William I. Shields, county health officer. Dr. Arthur C. Richards, Littlestown, is the attending physician. This is the third case of the disease reported in the Littlestown area in several months. The two other victims recovered.

MISS EBERHART IS REELECTED DEANERY HEAD

Miss Mary Eberhart, Eberhart apartments, was re-elected president of the Conewago deanery of the National Council of Catholic Women at the quarterly meeting held Sunday afternoon at St. Joseph's hall, Bonaueville.

Mrs. Evelyn Chrismer, Bonaueville, was named vice president; Miss Catherine Miller, Orrtanna, secretary, and Miss Anna Weaver, Littlestown, treasurer.

The open meeting began with prayer to Our Lady of Good Counsel, read by Rt. Rev. Msgr. Patrick F. McGee. The pledge of allegiance to the flag followed. Miss Catherine Miller presented the secretary's report and Rev. Leo J. Krichen, pastor of St. Joseph's, the hostess parish, welcomed the Council members.

Honor Three Members

Mrs. Evelyn Chrismer, deanery chairman for the Bishop's Fund for Diocesan Needs, announced that a total of \$338.73 had been contributed by the parish councils and affiliated organizations.

The theme of the meeting was "Catholic Action," which was defined as the "participation of the laity in the apostolate of the hierarchy." The president, in an appeal to the council members for continued cooperation and effort on behalf of Catholic activities, said "each individual should consider that Catholic Action is my daily active part in keeping life in that vine of which Christ speaks—we are the branches."

Three members of the Deanery Council who have never missed a Deanery meeting since its inception seven years ago were honored with a gift from the literature committee to further the project of Catholic Action and to help promote good reading. They were Mrs. Guy Smith, president of the Sacred Heart of Jesus Parish Council, Conewago; Miss Marie Carbaugh, president of the Immaculate Conception of the Blessed Virgin Mary Parish Council, New Oxford, and Miss Margaret Belz, president of the Annunciation of the Blessed Virgin Mary Parish Council, McSherrystown.

Judge Speaks At Jaycee Conference

Judge W. C. Sheely, one of the Saturday afternoon speakers at the second annual war conference of the Pennsylvania Junior Chamber of Commerce in Harrisburg, said that juvenile delinquency problems are being over-publicized.

Publicity being given juvenile misdemeanors, he pointed out, is causing children in one town to desire to emulate those in other towns and is making adults over-conscious of juvenile problems.

Judge Sheely blamed many of the present juvenile problems on a restless spirit brought on by the war and said that children now are able to get good paying jobs, and do not know how to spend their wages wisely.

He declared juvenile problems cannot be cured by dictating to youth and urged more consideration of the wants of children and formation of youth clubs with meetinghouses in supervised surroundings.

TELLS OF RAIDS ON BEACHHEAD, ANZIO, ITALY

An interesting letter was received today from Private Harry S. Oyler, 21-year old son of Mr. and Mrs. Harry M. Oyler, Baltimore street.

Private Oyler is with an Amphibious Engineer outfit and made the original landing on the Anzio beachhead, Italy, where he lost most of his personal belongings. He is still there and his letter reveals some of the "excitement" of war. Young Oyler was 21 years old last January 30th. He has been in service fifteen months and has been overseas a year. His letter follows:

"In view of your generous services to the service men and women of Adams county, the least I can do to repay you, is to write you an occasional letter and try to give you a little second handed news on how things are going over here. I say second handed because you people undoubtedly know more about the war than we do.

"Even though the front lines are only a few miles away, war has become such an accepted fact in our lives that we sometimes like to avoid the news in order to try to forget all the hell of modern warfare. Before I go any farther, I might add, I am at the present on the Anzio Beachhead.

Original Landing

"As my outfit is an amphibious Engineer outfit, we made the original landing and are in the thick of it. The first two months here can be described no other way than a living hell.

"The original landing came off as though it were a dry run but after 4 or 5 days, we found out that Jerry hadn't forgotten we were here. Air raids came on the average of 6 or 8 times a day and, due to the small size of the beachhead, there was not one square foot of ground that was not subject to shell fire. The cities of Nettuno and Anzio were being shelled by guns supposed to be located at Rome, and I know that all of us were in fear of our lives.

"Our regiment, like all the others located here during those two trying months, did not escape untouched. (Please Turn to Page 5)

LOCAL CADETS LEAVE SUNDAY

With the departure of almost one hundred aviation students from the 2136th AAF Base Unit (College Training Aircrew) at Gettysburg college, for a southern base Sunday night the local Detachment is now stripped to less than 50.

Green, tactical officer, was in charge of the contingent which will be merged with other units on a special train at Pittsburgh for the balance of the journey.

It is expected that the rest of the unit here will leave this week for a southern base where they will continue their pre-flight training.

Three members of the enlisted personnel of the medical unit here will also leave this week.

Orders have not been received for members of the permanent party and the remaining officers. It is not known when they will leave.

Hitler Line Cracks Under Allied Drive; 24 Miles From Anzio

MARCUS ISLAND IS ATTACKED BY CARRIER FORCE

By J. B. KRUEGER  
Associated Press War Editor

Marcus Island, 1,190 miles southeast of Tokyo, was heavily attacked Saturday by a carrier-borne force, a Japanese broadcast disclosed today. The worried enemy, added Berlin radio, sounded air raid alarms throughout north and east Japan.

"Enemy naval units," presumably Pacific fleet ships under command of Adm. Chester W. Nimitz, approached from the east and launched a two-day aerial blow against the small but strategically situated island. A Tokyo broadcast added that 32 raiding planes were shot down.

The broadcast was the first word of such a strike—first against Marcus since Sept. 1 last year—and recalled that the Japanese were the first to disclose last week's carrier raid against Soerabaja, Java.

Second Raid

The island is some 700 miles east of the Japanese-held Bonin islands, 700 miles northwest of Wake and almost midway between Tokyo and the Marshalls.

In last September's heavy raid 80 per cent of Marcus' military installations, according to Nimitz' estimate, were destroyed. It worried Tokyo enough to force the broadcast admission then: "The enemy could have raided the mainland if he wanted to \* \* \*"

Tokyo was approached from still another direction, and much closer than Marcus island. A Liberator bomber Thursday struck at Shimushu, a Kurile island 400 miles from Nippon's main islands, thus achieving the closest approach yet of any land-based Allied plane to the enemy capital. Other airmen under Nimitz' command also bombed Nauru island and enemy-held Marshall bases.

Pratas Bombed

Pratas island, 190 miles southeast of Hong-Kong on the China coast, likewise was bombed, the targets being a radio station, shipping and buildings. "The island is 275 miles from the Philippines.

The most important land fighting of the Pacific war centered in the seemingly-imminent victory of Lt. Gen. Joseph W. Stilwell over the enemy defending Myitkyina in northern Burma. The Japanese were boxed in on three sides and appeared on the verge of collapse. Myitkyina is vital to control of the Burma road.

Bigger To Manage Graeffenburg Inn

Robert Bigger, of Pittsburg, today assumed the management of Graeffenburg inn, 14 miles west of Gettysburg on the Lincoln highway. Mr. Bigger succeeds Miss Margaret Lumm, who resigned.

Mr. Bigger has been affiliated with the hotel industry for some time. He was at various times affiliated with the Penn Harris hotel, Harrisburg, and the Hotel Gettysburg.

"Abusive" Motorist Pays Fine Of \$10

D. J. McLaughlin, Erie, became "abusive" Sunday morning about 12:20 o'clock when Chief of Police H. S. Roberts, Littlestown, stopped the driver in center square, that place, because of an infraction of a borough ordinance prohibiting circular turns in center square. McLaughlin was arraigned before Justice of the Peace Howard G. Blocher, Littlestown, on a disorderly conduct charge.

He posted a \$14.50 bond for his appearance at a hearing this morning. When he failed to appear for the hearing his bond was forfeited.

R. P. FUNKHOUSER ILL.

By NOLAND NORGAARD  
Allied Headquarters, Naples, May 22 (AP)—U. S. troops have entered the Germans' coastal anchor of Terracina, 24 miles from the Anzio beachhead, it was announced today as the mountainous Hitler line cracked under Allied advances all along the front.

To the northwest, one bastion guarding the Liri Valley approach to Rome was toppled and another put under siege, while Fifth Army men hammered toward the central pivot town of Pico.

Only light German rearguards including non-combat units defected Terracina—coastal end of the Nazis' third southern defense wall—and beyond lay the Pontine marshes and the Fifth Army troops massed on the Anzio beachhead. The fleeing Nazis hid their movements around the eastern flank of that beachhead with smoke screens.

Poles Mop Up Trapped Germans

Poles of the Eighth Army burst into Piedimonte on the north side of the Liri Valley west of Cassino, and were mopping up trapped Germans.

At the lower edge of the valley, the Allies punched into the outskirts of Pontecorvo, and in the center of the Italian front cut the Pontecorvo-Pico road, seizing Monte Leucio, and driving toward Pico itself. Pico is the swing point of the line to Terracina, hastily manned when the Fifth Army crushed the southern flank of the first Hitler defenses.

(The German command, suggesting Pico might already have fallen, broadcast that Allied troops had broken into the town repeatedly, but had been thrown back. It acknowledged heavy pressure at Pontecorvo, and said the Allies had been repelled northwest of that city, with Allied bridgeheads "set up across the Liri yesterday" being wiped out. A Swiss broadcast said Pontecorvo had been taken by the Eighth Army.)

Nine-Mile American Advance

Headquarters said the Germans were putting up "determined resistance" all along the Eighth Army or northern front.

Terracina was entered in a swift nine-mile American advance on the west coast.

Just ahead of the advancing United States forces lay the Pontine marshes, parts of which have been flooded by the Germans and made impassible. The rate of advance the Fifth Army troops could maintain across the area remained problematical.

In The Air

London, May 22 (AP)—Flying Fortresses bombed the German submarine center of Kiel and U. S. Liberators pounded German fortifications in the Pas-de-Calais area of France today after a night in which 750 heavy British bombers saturated the major inland Nazi port of Duisburg with 2,800 tons of explosives.

The double-barreled daylight blow carried the newest Allied aerial prelude to the western invasion past 80 hours of continuous day-night attacks.

Up to 250 Flying Fortresses and the same number of Liberators, each group protected by swarms of American fighters, struck the twin assault.

Hannover, a rail and rubber center, and a German airfield in Belgium, were other British targets of the night.

In all some 3,000 Allied planes, most of them fighters, sprayed nearly every moving piece of Nazi transport sighted in western Europe yesterday with cannon and machinegun fire. These fighter sweeps and the RAF night blows dovetailed into the Allied strategy aimed at crippling Germany's movement of troops and supplies to combat the impending invasion from the west.

Near Tokyo

An Aleutian Base, May 19 (Delayed) (AP)—The air advance on Tokyo jumped half-way down the Kuriles when an Army 11th Air Force mission reached Shimushu island only 900 miles from the Japanese capital.

Second Lieut. John A. Nixon, Jr., Omaha, Neb., pilot of a Liberator bomber and leader of the mission, reported bombs were dropped on Shimushu and nearby Ketoi islands.

(It was reported from fleet headquarters in Pearl Harbor that only one plane dropped bombs on Shimushu and Ketoi.)

It was the closest approach to Japan proper by either an Army or Navy raiding mission since the Doolittle raid in 1942. Shimushu is about 100 miles closer to Tokyo than Matsua, the previous nearest approach and about 250 miles southwest of Paramushiro. It is only 300 miles from the Japanese mainland at Hokkaido.

Good Evening  
One thing we do know is that when the invasion starts it will start from England.

# HITLER MACHINE TO BE CRUSHED FROM 3 SIDES

By DEWITT MACKENZIE  
(Associated Press War Analyst)  
The decisive battle of the European war, Berlin declares, will have to be fought on the German west wall defenses of the invasion zone, and "the real attack must come from the supply base and aircraft carrier, England."

This assertion is made with a worried weather eye on the up-and-downing Allied offensive in Italy. There the Nazis are in a nasty jam, with both flanks of their loudly sung Adolf Hitler line in danger of being turned — on the left wing by the French and on the right by the Americans.

The German appraisal of the general situation—made with the idea of reassuring a jittery home public— isn't exactly accurate, since Hitler will be crushed by concerted Allied action from west, south and east. However, it's true in the sense that we can't put the big squeeze on the Fuehrer until his formidable fortifications along the invasion coast have been smashed and we have established ashore a great army headed for Berlin.

**Pressure On All Sides**  
There's no question of the ability of the western Allies to set up a second front, and even the Germans admit that this can be done. Still, while we refuse to consider the possibility of failure in such an operation, it must be said hypothetically that if there were no invasion of western Europe the world would drag on interminably no matter how much striking power the Russians might apply on the eastern front.

It's equally true, of course, that an invasion by the western Allies would be long in knocking out the Germans if the Red armies weren't hammering the enemy on the eastern front. There must be pressure on both sides.

Berlin is right in saying that England is the logical base and "aircraft carrier" for invasion. It's by far the nearest of all feasible bases for the direct invasion route into western Europe. That's why the Allies are preparing to hit straight into the toughest defenses there are.

The Moscow Communist newspaper Pravda says D-day is imminent. Viewing the Allied offensive in Italy with vast approval, Pravda declares that the cracking of the Hitler line has shown the Germans that "the Allies are capable of breaking any defenses, and possess sufficient forces to do so."

That undoubtedly is true. The Allies now have not only the will but the way to smash Hitler, and are giving a fine demonstration of this in Italy. We shouldn't make the mistake, however, of extending the comparison and trying to gauge the invasion of western Europe by the operations on the Italian peninsula.

**"New Type Of Hell"**  
While the Gustav line, the Adolf Hitler line, and the various other German defenses in Italy have been plenty tough, they haven't shown the strength which may be expected in the west wall in France, according to accounts made public by the Allied high command the other day. Also we mustn't forget that the greatest danger to the Allies on D-day will lie in battling their way ashore from the sea. The invasion will provide a brand new type of hell for military history.

At the moment Italy is giving the Nazis plenty of concern. One of their great worries is that the Allies in the Anzio beachhead may launch an offensive in the rear of the hard-hit German right wing on the coast.

German anxiety will be increased by the swift advance of the Yankee vanguard driving on the coast towards Anzio with the left wing of the Allied battle line. The vanguard was racing along the Appian way and when it had reached the important town of Terracina only 24 miles from Anzio, it was reported that it was encountering small opposition.

Anzio is indeed a good spot to keep an eye on.

## "Where Can I Get A Drink?" Was \$24.50 Query In Littlestown

Thomas A. Brown, aged 40 years, New York city, asked Chief of Police H. S. Roberts, Littlestown, a \$24.50 question when he drove up in front of the bus station on South Queen street about 10 o'clock Saturday evening and struck a bus nearly punting the officer between the two vehicles.

The question was "Where can I get a drink?"

Th chief took Brown before Justice of the Peace Howard G. Blocher, Littlestown, where he charged him with driving a car without an operator's license and with driving in such a manner as to endanger the life and property of other users of the highway.

Brown paid the fines and costs totaling \$24.50 and then turned to the matter of repairs for his car. The officer estimated the damage at about \$5.

# HITLER MACHINE TO BE CRUSHED FROM 3 SIDES

By DEWITT MACKENZIE

(Associated Press War Analyst)  
The decisive battle of the European war, Berlin declares, will have to be fought on the German west wall defenses of the invasion zone, and "the real attack must come from the supply base and aircraft carrier, England."

This assertion is made with a worried weather eye on the up-and-down Allied offensive in Italy. There the Nazis are in a nasty jam, with both flanks of their loudly sung Adolf Hitler line in danger of being turned — on the left wing by the French and on the right by the Americans.

The German appraisal of the general situation—made with the idea of reassuring a jittery home public—isn't exactly accurate, since Hitler will be crushed by concerted Allied action from west, south and east. However, it's true in the sense that we can't put the big squeeze on the Fuehrer until his formidable fortifications along the invasion coast have been smashed and we have established ashore a great army headed for Berlin.

## Pressure On All Sides

There's no question of the ability of the western Allies to set up a second front, and even the Germans admit that this can be done. Still, while we refuse to consider the possibility of failure in such an operation, it must be said hypothetically that if there were no invasion of western Europe the world would drag on interminably no matter how much striking power the Russians might apply on the eastern front.

It's equally true, of course, that an invasion by the western Allies would be long in knocking out the Germans if the Red armies weren't hammering the enemy on the eastern front. There must be pressure on both sides.

Berlin is right in saying that England is the logical base and "aircraft carrier" for invasion. It's by far the nearest of all feasible bases for the direct invasion route into western Europe. That's why the Allies are preparing to hit straight into the toughest defenses there are.

The Moscow Communist newspaper Pravda says D-day is imminent. Viewing the Allied offensive in Italy with vast approval, Pravda declares that the cracking of the Hitler line has shown the Germans that "the Allies are capable of breaking any defenses, and possess sufficient forces to do so."

That undoubtedly is true. The Allies now have not only the will but the way to smash Hitler, and are giving a fine demonstration of this in Italy. We shouldn't make the mistake, however, of extending the comparison and trying to gauge the invasion of western Europe by the operations on the Italian peninsula.

## "New Type Of Hell"

While the Gustav line, the Adolf Hitler line, and the various other German defenses in Italy have been plenty tough, they haven't shown the strength which may be expected in the west wall in France, according to accounts made public by the Allied high command the other day. Also we mustn't forget that the greatest danger to the Allies on D-day will lie in battling their way ashore from the sea. The invasion will provide a brand new type of hell for military history.

At the moment Italy is giving the Nazis plenty of concern. One of their great worries is that the Allies in the Anzom beachhead may launch an offensive in the rear of the hard-hit German right wing on the coast.

German anxiety will be increased by the swift advance of the Yankee vanguard driving on the coast towards Anzio with the left wing of the Allied battle line. The vanguard was racing along the Apennine way and when it had reached the important town of Terracina, only 24 miles from Anzio, it was reported that it was encountering small opposition.

Anzio is indeed a good spot to keep an eye on.

## "Where Can I Get A Drink?" Was \$24.50 Query In Littlestown

Thomas A. Brown, aged about 40 years, New York city, asked Chief of Police H. S. Roberts, Littlestown, a \$24.50 question when he drove up in front of the bus station on South Queen street about 10 o'clock Saturday evening and struck a bus, nearly pinning the officer between the two vehicles.

The question was "Where can I get a drink?"

Th chief took Brown before Justice of the Peace Howard G. Blocher, Littlestown, where he charged him with driving a car without an operator's license and with driving in such a manner as to endanger the life and property of other users of the highway.

Brown paid the fines and costs totaling \$24.50 and then turned to the matter of repairs for his car. The officer estimated the damage at about \$5.

## Suppose there were no tomorrow—

Suppose there were no tomorrow? ... Think about it for just a minute ... No tomorrow for you, or your kid sister at home—or the brother who left for the Army yesterday. Did you ever think that we, who have had so few yesterdays, may have no tomorrows?

It has happened, you know. To Jack Feldman, and Bob Ernest—and fifteen others who sat in our classes just last term ...

They will have no tomorrows. They died before they ever had a try at living ... so that we might have our chance.

There are millions who were asked to give up more than a double feature at the Earle ... or a spiffy, new pair of pumps for next week's formal. A soda is a pretty insignificant sacrifice, when you think of—

The kids in Russia, who live on a few ounces of cereal a day. They've never seen an ice cream soda.

The Polish boys and girls, who would be in school right now, just as we are ... if there were any schools left.

The French youths who've never had a hamburger on a date—or any other time, for that matter. They are old, very old ... older than you and I will ever be ...

There are millions of them ... in Norway ... Holland ... Denmark ... Belgium ... They would stare in amazement if they could be here to see—

A jalopy painted bright yellow. "The Tin You Love to Touch" printed in big, green letters on the back.

A high school senior, uncomfortable in his first tuxedo ... calling for his date, looking nervous.

Millions of things that we take for granted ...

"Hey, Maestro! Play 'Stardust'!"

... There is such a feeling of permanency in our tight little world. We'll go to school with the gang, today ... and tomorrow ...

But, WHAT IF THERE WERE NO TOMORROW? There's only one way to be sure, you know—

Buy War Bonds ... That's a simple little phrase. It's the American way of saying what we mean in a few direct words. Buy War Bonds.

Yes—you and everybody must buy War Bonds. We've got to buy more and more, and more of 'em. Just get the idea into your head that your \$18.75 might—just might end the war one-fifth of one second sooner. That maybe, in that one-fifth of a second, the boy next door could be on the receiving end of a bullet ... Then you'll know it's worth it!

We've got to keep on plugging, saving, convincing. Giving our pin money ...

Tell everybody—sell everybody! We can't take no for an answer ... tomorrow—and tomorrow—and tomorrow.

THE CHIEF  
The executive officer wears the gold. But the chief's the fellow who runs the ship.  
He's boss of the men from deck to the hold.  
So, boy, in his presence secure your lip.  
The chief has harsh marks on his sleeve.  
And bitter words on the end of his tongue.  
He's master, boy, from the time you leave  
Till you're back in port and your last bell's rung.  
The chief has the salt of the sea in his hair.  
His eyes are as sharp as a gull's in flight.  
According to him, he's been everywhere.  
He may be old, but he still can fight.  
He is wise to sailors: their tricks he knows.  
If you think to fool him, he'll prove you wrong.  
When the chief gives an order, my boy, it goes!  
So do as he says and you'll get along.

**Today's Talk**  
THE BEAUTY OF BIRD FLIGHT  
From nature is to be gained more knowledge than from any school or college. In fact most of the knowledge in books is but what man has learned from a careful study of nature. Science has gone back a hundred million years ago and discovered the first evidences of winged flight.  
We have only of late years seen the earth, upon which we walk and work, from the same height that birds have known it for centuries. Our gliding planes of today are but the pictured evidences of flight long, long ago before man ever trod this earth!  
Wonder of wonders is the wing of every bird. When outspread, soaring high above the earth, what is there more fascinating to watch? An eagle, hawk, sea-gull, pigeon, heron, crane, stalling—and that exquisite creature the humming bird—each has its own marvelous wings that bathe the air in flight—and each is a spectacle of wonder and delight.  
But nothing is so remarkable as the use to which these wings of birds are put—many migrating thousands of miles from their different stays throughout the year. Birds in Hawaii, of example, nest and breed in far away Alaska and then fly back to those flower-scented islands to play out their days of joy and song.  
The tiny humming-bird is the only land bird known which can even fly backward! And when its frail and delicate bill is inserted in a flower to gain its honey, its wings work so fast that its small body seems stationary in the air. The down stroke then becomes an almost horizontal forward stroke. It can even rise straight up into the air!  
And just think of the day's work of one of these flying birds. Take the friendly little house wren. It is recorded that it has fed its young 1217 times during the period of a single day! And there are birds that pile up food for their young besides the nest for future feedings. Busy creatures, these feathered friends of ours. Few drones among them.  
As these birds fly above the earth, how happy they seem! How they enjoy life! How gracefully they float among the clouds and carry the sunlight upon their beautiful backs. Symmetrically, smoothly they sail, mindful of neither time nor space!  
Tomorrow Mr. Adams will talk on the subject: "Magnificence in Small Things".

From the Files of the Star and Sentinel and The Gettysburg Times  
**ONE HUNDRED YEARS AGO**  
Philadelphia. — The city has been orderly and quiet for a week past, and no symptom of further outbreak has shown itself. The military, however, still remains on duty at various points. The mayor has offered a reward of \$1,000 for the detection of the person or persons who set fire to St. Augustine's church. The pecuniary loss by the riots is estimated at from a quarter to half a million dollars.  
**Married:** On Sunday eve., the 19th inst., by the Rev. Mr. Stinebaugh, Mr. John I. Lilly of Mountpleasant township, to Miss Eliza, daughter of Mr. David Fink, of Berwick township.

**SEVENTY-FIVE YEARS AGO**  
Concert. — The concert in Agricultural Hall on Tuesday evening, for the benefit of the Lutheran and Reformed Sabbath schools, was a decided success. Few towns can boast of as high order of musical talent. The pieces were selected with taste, and the execution, both instrumental and vocal, was warmly applauded. We annex the programme—the music being under the direction of Miss Alice K. Baugher.  
Part 1: Victoria, chorus; waltz, instrumental. See the Pale Moon, duet, Messrs Danner and Jacobs; May Dew — solo, Mrs. Croll; avil chorus, full chorus; Robin Ruff, duet Messrs Baugher and Forrer; overtures to Caliph of Bagdad, instrumental; Through Valley, duet, Miss Danner and Dr. Fahnestock; medley, Mr. Forrer; Trump chorus.  
Part 2: Strike the Cymbal, chorus; Merry Minstrels, duet, Mrs. Croll and Miss Jacobs; Gallop, instrumental; Merry in the Greenwood, Miss Danner; Vadasi Via Di Tina, quartet; Moonlight on the Rhine, duet, Mrs. Croll and Dr. Fahnestock; La Naranjara, solo, Miss Jacobs; Auld Lang Syne, solo and chorus.  
The piano used on the occasion was one of Knabe and Co.'s manufacture, and was generously furnished without charge, by Prof. Peter Bentz of York. It is a fine rich-toned instrument, and under Miss Baugher's manipulation, was much admired. By the way, if any of our readers want a Melodeon or a Piano we advise them to call on Prof. Bentz.

**Myers-Maul.** On Thursday morning, 20th inst., by Rev. C. J. Ehrenhart, Mr. John B. Myers, of Adams county, to Miss Cornelia Maul of York county.  
**Class Exercises.** There was quite a pleasant time in the College campus on Saturday evening. The members of the Senior class planted a fine oak on the main avenue in the campus near the entrance. Several hundred ladies and gentlemen repaired to the grounds, by invitation, to witness the ceremonies. Rev. Dr. Valentine officiated. Mr. J. A. Clutz, class historian, made some remarks, as did others of the class. The visitors spent the evening pleasantly until 10 o'clock in promenading the grounds, which were illuminated with Chinese lanterns suspended from the trees and the arbors. The college building was brilliantly illuminated and the residence of Dr. Valentine and Professors Ferner and Croil were thrown open to visitors. The Gettysburg Brass Band gave some fine music. At 10 o'clock the crowd left, the light extinguished and the campus perfectly quiet.

**HUMMER PLANT RESUMES WORK UNDER U.S. RULE**  
Springfield, Ill., May 22 (AP)—The Hummer Manufacturing company, second Montgomery Ward property to be seized by the Army within four weeks, resumed production today under government operation when workers on the early shift returned to their jobs.  
Lt. Col. Nelson Talbott, War department representative in charge, said 198 of 200 workers on the early shift reported at 7 a. m. Spokesmen for the union said "over 90 per cent—all we could notify last night" of the 325 normally employed on the two day shifts agreed to report. The plant employs 550, including some 100 office workers.  
There were no disturbances and John J. Saxon, plant manager, said he and other plant officials were "cooperating to the fullest extent" with a 10 man Army contingent which took possession yesterday acting under President Roosevelt's order.

**17-Day Strike**  
Operations at the factory site had been halted for 17 days by a strike of 450 AFL machinists who protested the concern's rejection of a War Labor board directive to sign a one-year contract with the union.  
President Roosevelt ordered seizure of the Hummer company, which consists of three plant buildings and an administrative building, after the WLB referred the case to the White House for action on the concern's refusal to accede to the WLB order.  
The WLB said the company was engaged 70 per cent in war materials manufacture. The Hummer concern manufactures propellers, carburetors and gun mounts for military aircraft, as well as farm supplies and machinery.  
There was no connection between Ward's labor dispute in Chicago and the Springfield subsidiary's union dispute, but the maintenance of membership clause was involved in each case.

**OWLS LOSE THREE BUT HOLD LEAD**  
(By The Associated Press)  
The Hagerstown Owls continue to lead the Interstate field even after losing three week-end games to the Wilmington Blue Rocks. Saturday's game gave Wilmington a 6-2 decision and the Wilmington team swept a double bill last night 3-2 and 7-5 before a paying crowd of 2,148.  
Billy Janowski's pinch single hit with two out in the ninth scored Jesse Evan with the winning run in the nightcap, after Hagerstown had rallied for two runs to tie the score in their half of the same frame.  
Running a close second is Allentown—after a week-end of two defeats and one win. York scored a 5-3 victory Saturday while the two teams divided last night's double header with Allentown taking the first game 10-9 and York winning the five inning second game 8-2. In the opener Cappa with two home runs and Colvin with four hits featured the play for Allentown. Sweeney and Schmidt led York's attack in the second game while Pinon scored a home run with one on for Allentown.  
Allentown was dealt a hard blow in the second game when third baseman Luxo Lancelotti suffered a fracture of the left arm when he was hit by a pitched ball. The injury will keep Lancelotti out of action for at least two weeks and possibly a month.  
**Rickenbacker Sees High Invasion Toll**  
New Wilmington, Pa., May 22 (AP)—Capt. Edward V. Rickenbacker predicted that the impending invasion would make the number of casualties we've had so far "look like a drop in a bucket."  
He told the graduates at the 90th commencement of Westminster college here Saturday that "the real fight is ahead of us."  
Rickenbacker was awarded an honorary doctor of laws degree.

**Set Fiscal House In Order Says Woodrum**  
Waynesburg, Pa., May 22 (AP)—"We must stop the parade to the public treasury," Rep. Clifton A. Woodrum (D., Va.) told 38 Waynesburg college graduates at commencement exercises here yesterday, because "America will for a while stagger along under a back-breaking tax burden and then finally collapse under the weight."  
Awarded an honorary doctor of laws degree, Woodrum added: "The American people must arise in their might and demand of their representatives that the fiscal house of this nation be set in order."  
Gen. Henry H. Arnold, commanding general of the Army Air Forces, received in absentia, an honorary degree as doctor of military science. Brig. Gen. Gerald White of Arnold's staff, accepted the award.

**SIX STATES TO VOTE THIS WEEK**  
(By The Associated Press)  
Selection of convention delegates starts rolling down the home stretch this week with Gov. Thomas E. Dewey of New York setting a fast pace for the Republican presidential field and President Roosevelt coasting along with the Democratic nomination assured him if he wants it.  
Six states will select delegates, beginning with Texas Democratic and Republican conventions tomorrow. Florida will settle its governorship contest with a runoff Democratic primary and North Carolina will pick a Democratic Senatorial nominee to succeed Senator Reynolds (D) who did not choose to run.  
The Texas Democratic meeting, bringing fourth-term and anti-groups into a collision over the state's 48 convention votes, promises fireworks. The Republicans will pick 33 delegates, with Dewey and Gov. John W. Bricker of Ohio showing strength. Maryland and Georgia Republicans also will select 16 delegates tomorrow. The odds were that most, if not all, the 16 Maryland delegates will be for Dewey. Georgia will pick a slate of 14, with one district representative already having been sewed up for the New Yorker. The odds that most, if not all, will be for Dewey.  
Dewey delegate totals as the week began were 357 pledged and claimed, with Bricker's 62 putting him in second place.

**SPORT SHORTS**  
Meadville, Pa., May 22 (AP)—Thirty-five athletes who walked out on their new coach remain free today to participate or not to participate in the Meadville high school's sports program, according to a statement by Superintendent of Schools Warren D. Norton.  
Norton said over the week-end he would take no action relative to the walkout on Friday by the students, shortly after they were introduced to their new coach, Preston Ditty, former Mt. Lebanon Township, Allegheny county, mentor.  
Connellsville, Pa., May 22 (AP)—Scoring 45 1/2 points, Connellsville high school won its third successive WPIAL track and field title here Saturday. Clairton was second with 32 points, and Mt. Lebanon was third with 23 2-3 points.  
Erie, Pa., May 22 (AP)—Erie Academy high school today reigns as the PIAA district 10 track and field champion for the fourth straight year. The academy athletes scored 64 1/2 points in the annual meet here Saturday, 18 more than their nearest rival, Erie East, which had 46 1/2 points.  
Pittsburgh, May 22 (AP)—Bully Miller, Lawrenceville lightweight, tangles with Lulu Costantino, of New York, in the headliner of a card of four 10-round bouts at Forbes Field tonight.  
Connellsville, Pa., May 22 (AP)—The Western Pennsylvania Inter-scholastic Athletic league elected Mark M. Funk, Latrobe, as its president at the annual meeting Saturday.  
**Ceiling Prices Of '44 Spuds Set Higher**  
Ceiling prices for 1944 early white potatoes which will mean slight increases at retail over last year's prices, were announced today by the Harrisburg district Office of Price Administration.  
In this 10-county district, the maximum price for the balance of May is 35c for five pounds, according to the community price list. The ceiling for the June 1-15 period will be five pounds for 34c.  
Effective May 22, the new prices were recommended by the War Food Administration as necessary to obtain adequate production and were approved by the Office of Economic Stabilization.  
Under the new prices, producers will receive a return "sufficient to compensate for incentive payments which were made in 1943 to stimulate production but which will not be paid in 1944," the OFA said.  
American incendiary bombs weigh from two to 500 pounds.

**BELIEVES FDR WANTS WALLACE**  
Washington, May 22 (AP)—Vice President Wallaces trip to Siberia and China took on new political aspects today with a growing feeling among some of his possible opponents that incumbent already has been chosen by President Roosevelt for second place on the 1944 Democratic ticket.  
One of several members of Congress who have been mentioned frequently for the Vice Presidential nomination told a reporter he is now convinced that Mr. Roosevelt intends to be a candidate again and will say the word in time which will place Wallace on the ticket with him.  
This legislator, who has been making fourth term speeches for several months, said that nowhere in his travels had he found any great political support for Wallace.  
Indeed, he said he had noted reluctance by many to accept him again as a second-place candidate, but that there was little doubt the convention would follow Mr. Roosevelt's wishes in the matter.  
Wallace left Saturday for Siberia and China to get what President Roosevelt said was likely to be a valuable first-hand report on conditions in Asia.

**Electrical Storm Costs Man's Life**  
Connellsville, Pa., May 22 (AP)—At least one person lost his life as a result of a severe wind and thunderstorm which swept this section of Fayette county last night.  
Linley Rahl, 39, of Uniontown, was electrocuted atop a utility pole at Shady Grove park near here while extinguishing a lightning-caused blaze.  
Firemen here reported several homes were struck by lightning and dozens of cellars were inundated by the heavy rain. Damage was estimated at several thousands of dollars. Many Victory gardens were runned by the downpour.  
**Posthumous Medal For Yankee Hero**  
Washington, May 22 (AP)—The Medal of Honor, the nation's highest military award, will be awarded posthumously to Second Lieutenant Robert Craig, who killed eight enemy soldiers before he died heroically during the American advance in Sicily last July.  
The medal will be presented to his parents, Mr. and Mrs. William Craig of Toledo, Ohio.  
Craig, 24, a native of Scotland, first killed three enemy soldiers in a machine gun nest, then charged a group of 100, killing five of them before he fell.  
The War Department citation said he "elected to sacrifice himself so that his platoon might carry on the battle," and that he ordered his men to withdraw "while he drew the enemy fire."

**"Victory Is Not In Sight," Says Admiral**  
Pittsburgh, May 22 (AP)—After Tech. Sgt. Charles (Commando) Kelly led the mammoth "I Am an American Day" parade here yesterday, Rear Adm. Watt T. Cluverius told the assembled thousands that there is no early victory in sight in the Pacific.  
He said: "Across the Atlantic very soon our men will be going forward to battle. Across the Pacific, no victory is in sight, but our men, planes and ships are now beginning to penetrate the empire which set out to rule over half of the world."  
As Pittsburgh's No. 1 hero, Kelly asked the group to give every returning serviceman "as big a welcome as Pittsburgh gave to me."

Boalsburg, Pa., May 22 (AP)—"We, here at home, are listening too much and talking too much," declares Governor Martin.  
Speaking at annual Memorial Services of the society of the 28th Division at its shrine here yesterday, the executive asserted: "It would be better for us all if we ate less, walked more and talked less about our fears and our troubles."  
Martin said facts about the war are being dramatized and "this dramatization of events in which we are interested causes nervous fatigue. In reality, this is a kind of mental disturbance. It hurts morale."  
The Governor said Pennsylvania has sent almost 800,000 men into the armed services and poured masses of materials, food and fuels into the global conflict in efforts which "have not been equalled by any political subdivision of the entire world."

**THREE ARE SHOT ACCIDENTALLY**  
Philadelphia, May 22 (AP)—Three persons were injured, none critically, yesterday in what was described as three accidental shootings.  
Peter A. Bieble, 27, a Navy yard mechanic, questioned in the shooting of his pretty housekeeper, Helen Davis, 22, said: "Honest, I didn't think the gun was loaded. It was just a gag."  
Police quoted him as saying that he smilingly pointed a revolver at Miss Davis when she asked "What would you do if I left you?"  
A widower and the father of two children, Bieble was put in jail on technical charges of aggravated assault with a firearm.  
Clarence H. Zelmer said his Sunday morning sleep was disturbed by howling dogs, so he borrowed a loaded .22 calibre pistol to end the nuisance. He pointed the gun and pulled the trigger in his living room at Indian Head Park, near Phoenixville. His wife, Blanche, 27, was taken to Montgomery county hospital wounded in her hip. Zelmer was not held.  
Gardner Erb, 23, was held on a technical charge of assault with a firearm after Alexander Enyedy, 57, collapsed, shot through the abdomen. Erb pulled an automatic out of his pocket as he was standing in a tap room, police said, and pulled the trigger to show the action.

**FOUR INJURED IN HEAD-ON COLLISION**  
Norristown, Pa., May 22 (AP)—Four persons were injured, two seriously, in a head-on collision on the Ridge Pike in Plymouth township, four miles east of here, yesterday.

Mrs. Hazel Peters, passenger in the other car, suffered a fractured skull and left wrist and cuts on the forehead. She and Daly were taken to the Montgomery hospital here.  
Lewis Toal, 52, of Trooper, driver of the other car, and his wife, Emma, were not critically injured.

## Just Folks

**THE CHIEF**  
The executive officer wears the gold. But the chief's the fellow who runs the ship. He's boss of the men from deck to the hold. So, boy, in his presence secure your lip.

The chief has harsh marks on his sleeve. And bitter words on the end of his tongue. He's master, boy, from the time you leave. Till you're back in port and your last bell's rung.

The chief has the salt of the sea in his hair. His eyes are as sharp as a gull's in flight. According to him, he's been every-where. He may be old, but he still can fight.

He is wise to sailors; their tricks he knows. If you think to fool him, he'll prove you wrong. When the chief gives an order, my boy, it goes! So do as he says and you'll get along.

## Today's Talk

**THE BEAUTY OF BIRD FLIGHT**  
From nature is to be gained more knowledge than from any school or college. In fact most of the knowledge in books is but what man has learned from a careful study of nature. Science has gone back a hundred million years ago and discovered the first evidences of winged flight.

We have only of late years seen the earth, upon which we walk and work, from the same height that birds have known it for centuries. Our gliding planes of today are but the pictured evidences of flight long, long ago before man ever trod this earth!

Wonder of wonders is the wing of every bird. When outspread, soaring high above the earth, what is there more fascinating to watch? An eagle, hawk, sea-gull, pigeon, heron, crane, stalling and that exquisite creature the humming bird—each has its own marvelous wings that bathe the air in flight—and each is a spectacle of wonder and delight.

But nothing is so remarkable as the use to which these wings of birds are put—many migrating thousands of miles from their different stays throughout the year. Birds in Hawaii, of example, nest and breed in far away Alaska and then fly back to those flower-scented islands to play out their days of joy and song. The tiny humming-bird is the only land bird known which can even fly backward! And when its frail and delicate bill is inserted in a flower to gain its honey, its wings work so fast that its small body seems stationary in the air. The down stroke then becomes an almost horizontal forward stroke. It can even rise straight up into the air!

And just think of the day's work of one of these flying birds. Take the friendly little house wren. It is recorded that it has fed its young 1217 times during the period of a single day! And there are birds that pile up food for their young besides the nest for future feedings. Busy creatures, these feathered friends of ours. Few drones among them.

As these birds fly above the earth, how happy they seem! How they enjoy life! How gracefully they float among the clouds and carry the sunlight upon their beautiful backs. Symmetrically, smoothly they sail, mindful of neither time nor space!

Tomorrow Mr. Adams will talk on the subject: "Magnificence in Small Things"

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

**ONE HUNDRED YEARS AGO**  
**Philadelphia.**—The city has been orderly and quiet for a week past, and no symptom of further outbreak has shown itself. The military, however, still remains on duty at various points. The mayor has offered a reward of \$1,000 for the detection of the person or persons who set fire to St. Augustine's church. The pecuniary loss by the riots is estimated at from a quarter to half a million dollars.

**Married:** On Sunday eve, the 19th inst., by the Rev. Mr. Stinebaugh, Mr. John I. Lilly of Mountpleasant township, to Miss Eliza, daughter of Mr. David Pink, of Berwick township.

**On Tuesday,** by the Rev. James Harper, Mr. Joseph Joyce, to Miss Mary Sillik, both of Menallen township.

**Notice:** The "Union Church of Hampton," will, with the leave of Providence, be dedicated to the service of the Trinity God, on the Third Sabbath (the 16th day) of June, at 11 o'clock a. m. It is expected that Rev. Dr. Durbin of Carlisle, and Rev. Dr. Krauth of Gettysburg, will be present and will officiate on the occasion. Christians of all denominations and the public generally are respectfully invited to attend.

Such of his former patients as may need to have their work repaired or renewed, will be first attended to and without charge. Notices left at the "Sentinel Office," will be promptly attended to.

**SEVENTY-FIVE YEARS AGO**  
**Concert.**—The concert in Agricultural Hall on Tuesday evening, for the benefit of the Lutheran and Reformed Sabbath schools, was a decided success. Few towns can boast of as high order of musical talent. The pieces were selected with taste, and the execution, both instrumental and vocal, was warmly applauded. We annex the programme—the music being under the direction of Miss Alice K. Baugher.

**Part 1:** Victoria, chorus; waltz, instrumental. See the Pale Moon, duet. Misses Danner and Jacobs; May Dew—solo. Mrs. Croll; waltz, chorus, full chorus; Robin Ruff, duet. Messrs Baugher and Forrer; overtures to Caliph of Bagdad, instrumental; Through Valley, duet, Miss Danner and Dr. Fahnestock; medley, Mr. Forrer; Trump chorus.

**Part 2:** Strike the Cymbal, chorus; Merry Minstrels, duet, Mrs. Croll and Miss Jacobs; Gallop, instrumental; Merry in the Greenwood, Miss Danner; Valses Via Di Rina, quartet; Moonlight on the Rhine, duet, Mrs. Croll and Dr. Fahnestock; La Naranjera, solo, Miss Jacobs; Auld Lang Syne, solo and chorus.

The piano used on the occasion was one of Knabe and Co's, manufacture, and was generously furnished without charge, by Prof. Peter Bentz of York. It is a fine rich-toned instrument, and under Miss Baugher's manipulation, was much admired. By the way, if any of our readers want a Melodeon or a Piano we advise them to call on Prof. Bentz.

**Married.** Howard-Martin, May 20, at the bride's home, by Rev. W. V. Gotwald, A. H. Howard, of Hampton, Adams county, to Miss Lina S. Martin, of Lancaster City.

**Myers-Maul.** On Thursday morning, 20th inst., by Rev. C. J. Elmhart, Mr. John B. Myers, of Adams county, to Miss Cornelia Maul of York county.

**Class Exercises.** There was quite a pleasant time in the College campus on Saturday evening. The members of the Senior class planted a fine oak on the main avenue in the campus near the entrance. Several hundred ladies and gentlemen repaired to the grounds, by invitation, to witness the ceremonies. Rev. Dr. Valentine offered prayer. Mr. J. A. Clutz, class historian, made some remarks, as did others of the class. The visitors spent the evening pleasantly until 10 o'clock in promenading the grounds, which were illuminated with Chinese lanterns suspended from the trees and the arbors. The college building was brilliantly illuminated and the residence of Dr. Valentine and Professors Ferrier and Croll were thrown open to visitors. The Gettysburg Brass Band gave some fine music. At 10 o'clock the crowd left, the light extinguished and the campus perfectly quiet.

## HUMMER PLANT RESUMES WORK UNDER U.S. RULE

**Springfield, Ill., May 22 (AP)**—The Hummer Manufacturing company, second Montgomery Ward property to be seized by the Army within four weeks, resumed production today under government operation when workers on the early shift returned to their jobs.

Lt. Col. Nelson Talbot, War department representative in charge, said 198 of 200 workers on the early day shift reported at 7 a. m. Spokesmen for the union said "over 90 per cent—all we could notify last night" of the 325 normally employed on the two day shifts agreed to report. The plant employs 550, including some 100 office workers.

There were no disturbances and John J. Saxer, plant manager, said he and other plant officials were "cooperating to the fullest extent" with a 10 man Army contingent which took possession yesterday acting under President Roosevelt's order.

**17-Day Strike**  
Operations at the factory site had been halted for 17 days by a strike of 450 AFL machinists who protested the concern's rejection of a War Labor board directive to sign a one-year contract with the union.

President Roosevelt ordered seizure of the Hummer plant, which consists of three plant buildings and an administrative building, after the WLB referred the case to the White House for action on the concern's refusal to accede to the WLB order.

The WLB said the company was engaged 70 per cent in war materials manufacture. The Hummer concern manufactures propellers, carburetors and gun mounts for military aircraft, as well as farm supplies and machinery.

There was no connection between Ward's labor dispute in Chicago and the Springfield subsidiary's union dispute, but the maintenance of membership clause was involved in each case.

## OWLS LOSE THREE BUT HOLD LEAD

(By The Associated Press)  
The Hagerstown Owls continue to lead the Interstate field even after losing three week-end games to the Wilmington Blue Rocks. Saturday's game gave Wilmington a 6-2 decision and the Wilmington team swept a double bill last night 3-2 and 7-5 before a paying crowd of 2,148.

Billy Janowski's pinch single hit with two out in the ninth scored Jesse Ewan with the winning run in the nightcap, after Hagerstown had rallied for two runs to tie the score in their half of the same frame.

Running a close second is Allentown—after a week-end of two defeats and one win. York scored a 5-3 victory Saturday while the two teams divided last night's double header with Allentown taking the first game 10-9 and York winning the five inning second game 8-2. In the opener Cappa with two home runs and Colvin with four hits featured the play for Allentown.

Allentown was dealt a hard blow in the second game when third baseman Lugo Lancelotti suffered a fracture of the left arm when he was hit by a pitched ball. The injury will keep Lancelotti out of action for at least two weeks and possibly a month.

**Rickenbacker Sees High Invasion Toll**

**New Wilmington, Pa., May 22 (AP)**—Capt. Edward V. Rickenbacker predicted that the impending invasion would make the number of casualties we've had so far "look like a drop in a bucket."

Rickenbacker was awarded an honorary doctor of laws degree.

## Set Fiscal House In Order Says Woodrum

**Waynesburg, Pa., May 22 (AP)**—"We must stop the parade to the public treasury," Rep. Clifford A. Woodrum (D., Va.) told 38 Wayneburg college graduates at commencement exercises here yesterday, because "America will for a while stagger along under a back-breaking tax burden and then finally collapse under the weight."

Awarded an honorary doctor of laws degree, Woodrum added:

"The American people must arise in their might and demand of their representatives that the fiscal house of this nation be set in order."

Gen. Henry H. Arnold, commanding general of the Army Air Forces, received, in absentia, an honorary degree as doctor of military science. Brig. Gen. Gerald White of Arnold's staff, accepted the award.

## SIX STATES TO VOTE THIS WEEK

(By The Associated Press)  
Selection of convention delegates starts rolling down the home stretch this week with Gov. Thomas E. Dewey of New York setting a fast pace for the Republican presidential field and President Roosevelt coasting along with the Democratic nomination assured him if he wants it.

Six states will select delegates, beginning with Texas Democratic and Republican conventions tomorrow. Florida will settle its governorship contest with a runoff Democratic primary and North Carolina will pick a Democratic Senatorial nominee to succeed Senator Reynolds (D) who did not choose to run.

The Texas Democratic meeting, bringing fourth-term and anti-Republicans into a collision over the state's 48 convention votes, promises fireworks. The Republicans will pick 33 delegates, with Dewey and Gov. John W. Bricker of Ohio showing strength. Maryland and Georgia Republicans also will select 16 delegates tomorrow. The odds were that most, if not all, the 16 Maryland delegates will be for Dewey. Georgia will pick a slate of 14, with one district representative already having been sewed up for the New Yorker. The odds that most, if not all, will be for Dewey.

Dewey delegate totals as the week began were 357 pledged and claimed, with Bricker's 62 putting him in second place.

**Meadville, Pa., May 22 (AP)**—Thirty-five athletes who walked out on their new coach remain free today to participate or not to participate in the Meadville high school's sports program, according to a statement by Superintendent of Schools Warren D. Norton.

**Connellsville, Pa., May 22 (AP)**—Scoring 45½ points, Connellsville high school won its third successive WPIAL track and field title here Saturday. Clairton was second with 32 points, and Mt. Lebanon was third with 23 2-3 points.

## Ceiling Prices Of '44 Spuds Set Higher

Ceiling prices for 1944 early white potatoes which will mean slight increases at retail over last year's prices, were announced today by the Harrisburg district Office of Price Administration.

In this 10-county district, the maximum price for the balance of May is 35c for five pounds, according to the community price list. The ceiling for the June 1-15 period will be five pounds for 34c.

Effective May 22, the new prices were recommended by the War Food Administration as necessary to obtain adequate production and were approved by the Office of Economic Stabilization.

Under the new prices, producers will receive a return "sufficient to compensate for incentive payments which were made in 1943 to stimulate production but which will not be paid in 1944," the OFA said.

American incendiary bombs weigh from two to 500 pounds.

## BELIEVES FOR WANTS WALLACE

**Washington, May 22 (AP)**—Vice President Wallace's trip to Siberia and China took on new political aspects today with a growing feeling among some of his possible opponents that incumbent already has been chosen by President Roosevelt for second place on the 1944 Democratic ticket.

One of several members of Congress who have been mentioned frequently for the Vice Presidential nomination told a reporter he is now convinced that Mr. Roosevelt intends to be a candidate again and will say the word in time which will place Wallace on the ticket with him.

This legislator, who has been making fourth term speeches for several months, said that nowhere in his travels had he found any great political support for Wallace.

Indeed, he said he had noted reluctance by many to accept him again as a second-place candidate, but that there was little doubt the convention would follow Mr. Roosevelt's wishes in the matter.

Wallace left Saturday for Siberia and China to get what President Roosevelt said was likely to be a valuable first-hand report on conditions in Asia.

## Electrical Storm Costs Man's Life

**Connellsville, Pa., May 22 (AP)**—At least one person lost his life as a result of a severe wind and thunderstorm which swept this section of Fayette county last night.

**Washington, May 22 (AP)**—The Medal of Honor, the nation's highest military award, will be awarded posthumously to Second Lieutenant Robert Craig, who killed eight enemy soldiers before he died heroically during the American advance in Sicily last July.

The medal will be presented to his parents, Mr. and Mrs. William Craig of Toledo, Ohio.

Craig, 24, a native of Scotland, first killed three enemy soldiers in a machine gun nest, then charged a group of 100, killing five of them before he fell.

The War Department citation said he "elected to sacrifice himself so that his platoon might carry on the battle," and that he ordered his men to withdraw "while he drew the enemy fire."

## "Victory Is Not In Sight," Says Admiral

**Pittsburgh, May 22 (AP)**—After Tech. Sgt. Charles (Commando) Kelly led the mammoth "I Am an American Day" parade here yesterday, Rear Adm. Walt T. Cluverius told the assembled thousands that there is no early victory in sight in the Pacific.

He said: "Across the Atlantic very soon our men will be going forward to battle. Across the Pacific, no victory is in sight, but our men, planes and ships are now beginning to penetrate the empire which set out to rule over half of the world."

As Pittsburgh's No. 1 hero, Kelly asked the group to give every returning serviceman "as big a welcome as Pittsburgh gave to me."

## MARTIN SPEAKS AT VET REUNION

**Boalsburg, Pa., May 22 (AP)**—"We, here at home, are listening too much and talking too much," declares Governor Martin.

Speaking at annual Memorial services of the society of the 28th Division at its shrine here yesterday, the executive asserted:

"It would be better for us all if we ate less, walked more and talked less about our fears and our troubles."

Martin said facts about the war are being dramatized and "this dramatization of events in which we are interested causes nervous fatigue. In reality, this is a kind of mental disturbance. It hurts morale."

The Governor said Pennsylvania has sent almost 800,000 men into the armed services and poured masses of materials, food and fuels into the global conflict in efforts which "have not been equalled by any political subdivision of the entire world."

In addition to hearing the address by Martin, who served in France in the first World war, the society dedicated tablets to six division officers who died in the first World war—Capt. Edmund W. Lynch and Lts. Lloyd T. Grubbs, Frederick B. Priestett, Thomas A. Hoiden, Earl Leroy Reese and Jacob Feldman.

## THREE ARE SHOT ACCIDENTALLY

**Philadelphia, May 22 (AP)**—Three persons were injured, none critically, yesterday in what was described as three accidental shootings.

Peter A. Bieble, 27, a Navy yard mechanic, questioned in the shooting of his pretty housekeeper, Helen Davis, 22, said:

"Honest, I didn't think the gun was loaded. It was just a gag."

Police quoted him as saying that he smilingly pointed a revolver at Miss Davis when she asked "What would you do if I left you?"

A widower and the father of two children, Bieble was put in jail on technical charges of aggravated assault with a firearm.

Clarence H. Zeimer said his Sunday morning sleep was disturbed by howling dogs, so he borrowed a loaded .22 calibre pistol to end the nuisance. He pointed the gun and pulled the trigger in his living room at Indian Head Park, near Phoenixville. His wife, Blanche, 27, was taken to Montgomery county hospital wounded in her hip. Zeimer was not held.

Gardner Erb, 23, was held on a technical charge of assault with a firearm after Alexander Eneydy, 57, collapsed, shot through the abdomen. Erb pulled an automatic out of his pocket as he was standing in a tap room, police said, and pulled the trigger to show the action.

## Norristown Bus Drivers' Strike Ends

**Norristown, Pa., May 22 (AP)**—A strike of bus drivers which had forced 150,000 persons to find their own transportation for three days, ended at 5 o'clock this morning when regular service was resumed by Schuylkill Valley Lines, Inc.

The drivers voted last night to return to work in time to get war workers to their jobs today.

The walkout began Friday morning in protest against the National War Labor Board's delay in dealing with a company appeal to a regional

**Norristown, Pa., May 22 (AP)**—Four persons were injured, two seriously, in a head-on collision on the Ridge pike in Plymouth township, four miles east of here, yesterday.

Police said Francis Daly, 20, of Conshohocken, who suffered a fractured skull and severe head cuts, told them he was driving home alone and "fell asleep."

Mrs. Hazel Peters, passenger in the other car, suffered a fractured skull and left wrist and cuts on the forehead. She and Daly were taken to the Montgomery hospital here.

Lewis Toal, 52, of Trooper, driver of the other car, and his wife, Emma, were not critically injured.

WLB decision. Premium pay for overtime is the only question still under consideration. The NWLB announced it has dismissed the company's appeal on four other points.

# JOIN GULF'S "ANTI-BREAKDOWN" CLUB TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America...

- those who ride to work.
- those who walk to work.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (8 out of 10 war workers use automobiles to get to work.)

## Here's Gulf's Protective Maintenance Plan...

1 Protects your car at 39 danger points...

GULF's Protective Maintenance Plan includes Gulf Registered Lubrication for 39 engine, chassis, body points. Six Gulf Lubricants reduce wear.

2 Saves those bearings and piston rings...

THE AMERICAN Petroleum Institute recommends changing oil regularly. It's equally important to use a good motor oil like Gulfgrade, "The World's Finest Motor Oil," or Gulfube, an extra-quality oil that costs a few cents less.

3 Stretches your gas coupons...

AIR-FILTER and spark-plug cleaning, radiator flushing help give better mileage. A clean filter makes gas burn more economically; clean plugs add power; a clean radiator prevents over-heating.

GET AN APPOINTMENT To help your Gulf Dealer do a thorough job on your car, make an appointment. Phone or speak to him at the station. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan... 15 services in all!

GASOLINE POWERS THE ATTACK... DON'T WASTE A DROP!

**\$20,000,000 Gate Expected At Houston**

Houston, Texas, May 22 (AP)—A million dollar gate is a novelty in boxing—or was.

Down here they're planning to clock the turnstiles at the rate of \$20,000,000 June 21, and they claim that would be the biggest "draw" in fight history.

Principals in the extravaganza of cash and socks are Cpl. Al Hostak, twice middleweight champion of the world, and Cpl. Glenn Lee, formerly No. 1 contender for the crown.

The 10-round bout will be feature of a boxing carnival in connection with the Fifth War Loan drive. Admission will be by bond purchase only with 11,000 seats scaled from \$25 in the balcony to \$50,000 a pair for ringsides. The total, if all seats are filled—and the committee has no doubt they will be—will reach \$20,000,000.

**Armstrong Favored Over Aaron Perry**

Washington, May 22 (AP)—Old Hammerin' Henry Armstrong, whose "perpetual motion" tactics have slowed down somewhat with the years, takes on Aaron Perry, 18-year-old Washington hopeful with a dynamite punch, tonight in Washington's first outdoor bout of the season.

Armstrong, recent victor over Ralph Zanelli in Boston in a fight billed as the "welterweight duration championship," of Massachusetts rates about a 2-1 favorite over the local "Cinderella Kid."

Hammern' Henry, in his latest comeback attempt, has been none too impressive, but even so he seems too wise in ring technique for Perry. The local negro has a terrific punch in either hand, but lacks speed, footwork, polish and other ring attributes that come only from experience.

Promoter Goldie Ahearn predicted that a crowd of 15,000 would pay around \$50,000 to see the 10-round encounter at Griffith stadium.

**MINISTERS MEET**

Philadelphia, May 22 (AP)—The 197th annual convention of the Lutheran Ministerium of Pennsylvania and adjacent states, oldest of the 32 synods comprising the Lutheran Church in America, opens here tonight. Clergy and lay delegates will discuss a realignment of boundaries between the ministerium and the Central Pennsylvania Synod.

Danville, Pa., May 22 (AP)—The body of George Brewster, who escaped from Danville state hospital May 13, was recovered yesterday from the Susquehanna river. Shortly afterwards Robert Sethler, who escaped with Brewster, was apprehended and returned to the institution.

**\$20,000,000 Gate Expected At Houston**

Houston, Texas, May 22 (AP)—A million dollar gate is a novelty in boxing—or was.

Down here they're planning to click the turnstiles at the rate of \$20,000,000 June 21, and they claim that would be the biggest "draw" in fight history.

Principals in the extravaganza of cash and socks are Cpl. Al Hostak, twice middleweight champion of the world, and Cpl. Glenn Lee, formerly No. 1 contender for the crown.

The 10-round bout will be feature of a boxing carnival in connection with the Fifth War Loan drive. Admission will be by bond purchase only with 10,000 seats sealed from \$25 in the balcony to \$50,000 a pair for ringsides. The total, if all seats are filled—and the committee has no doubt they will be—will reach \$20,000,000.

**MAROONS CLOSE TRACK SEASON WITH TRIUMPH**

Gettysburg high school's track team wound up a highly successful season Saturday afternoon by defeating the Mercersburg academy jayvees at Mercersburg 67 2-3 to 40 1-3.

The victory gave the Maroons a record of five wins in six starts this year.

Six first places fell to the Drymen with Knorr tying with Patterson for first place in the pole vault.

A survey of the season reveals Gettysburg rolled up a total of 415 1-3 points to its opponents 310 2-3. Of the opponents' points, 102 were scored in the Southern Pennsylvania conference meeting which was won by Coach Dry's lads.

Topping the individual performers was Russell Howard, freshman, who accounted for 67 1-6 points with Sterrett Dorsey second with 41 1/2 tallies.

**13 Lettermen**

The complete list of scoring for the lettermen follows: Howard, 67 1-6; Dorsey, 41 1/2; P. Heatwole, 30 1/2; E. Utech, 30 1-6; P. McLaughlin, 30; P. Haehnlen, 28; W. Ogden, 28; C. Knorr, 25; W. Tonsel, 24; G. Thrush, 21; L. Sachs, 20; R. Altomero, 19 1/2; E. Raffensperger, 9.

Utech set a new mark during the school by tossing the javelin 164 feet, 4 inches to establish a South Penn conference and Gettysburg high record.

The Maroons started the season with prospects none too bright as the result of but one letterman remaining from last year. Five will be lost this season giving the team a good nucleus for next season.

one can do around a trout stream). Down by Sim's I got another bite and another beautiful trout broke the water and played around before I stuck him in my basket—12 1/2 inches. . . . The time is here; the fish are biting; the weather is great; tomorrow for breakfast I shall have a little rainbow trout. . . . Spring only comes once a year; why don't you come, too, for a few outn's?

**P.S.:** If this column turns up missing for a few days, you'll know where I am.

The Cardinals, breezing along in the National league top spot, walloped the New York Giants at St. Louis 10 to 3 in the first game, but had to be content with a split when the Giants took the nightcap 7 to 5. Giants manager Mel Ott hit his first homer away from the Polo grounds in two years.

Charley Grimm's Chicago Cubs surprised by blasting the Boston Braves, 15 to 1 and 14 to 5 at Wrigley Field. Al Javery, Braves' starting hurler, was banished during the second game for disputing Umpire Jocko Conlan's calling of balls behind the plate.

The Boston Red Sox wound up their home stand by whipping the Chicago White Sox twice, 4 to 3 and 9 to 2, to sweep a four-game series. The double setback dumped the Sox into the cellar.

**Reds Take Pair**

Cincinnati shoved Brooklyn deeper into seventh place in the national loop by winning a doubleheader, 5 to 3 and 6 to 5. Gee Walker's single with two out won the nightcap, which went 10 innings.

Cleveland made it three straight over Connie Mack's Philadelphia Athletics by taking the first game

**KILLED ON FURLOUGH**

Bloomington, Pa., May 22 (AP)—Cpl. Bruce C. Thomas, home on furlough from the Valley Forge hospital at Phoenixville, died last night—his 22nd birthday—of injuries sustained two hours before when his automobile crashed into a gate after skidding on a wet highway. His parents live in Orangeville, near here.

**Not an A Card in Ye Group**

Wherever they went, they walked . . . on guard at every step. Hardships taught our forefathers the virtue of self-reliance and the need for co-operation. Thus, in the humble cradle of privation, the spirit of our Democracy was born.

Our enemies foolishly ignored the enduring influence of our Nation's heritage when they jeered that we were too soft to fight. Little did they dream that, almost overnight, free men could perfect the finest and best-equipped fighting forces the world has ever seen.

So, today when good citizens see an A card on a windshield, they recognize it as a symbol of what people can accomplish who have learned from experience to work together to attain a common objective.

That same spirit will win this war—and in peacetime that same unity of effort will keep America strong and prosperous for our men and women now on the fighting front.

**JUST FISHIN'**

"Today I went fishing," Dave writes. "I dug some worms and started in at the village dam with the intention to fish down to the outlet. After 15 minutes, I felt a helluva jerk then a few more, so I pulled in a 12-inch rainbow. No kidding, right in the brook directly behind the store. . . . The bugs are beginning to bite badly, but now I was determined that nothing would deter me. It really was beautiful down by the stream; the apple blossoms are all out and the brook is just high enough. Everything was perfect. . . . In the course of my excitement I lighted a cigarette. It smelled funny, or at least I thought I smelled something burning. It was only my new \$1.19 sweat shirt. Just then I slipped and darn near went all the way in; I did manage to put the fire in my clothing out, though. . . . The pungent smell of burning wool snuffed out the aroma of apple blossoms, but still I fished on. . . . Every time I got discouraged, the 12-inch would jump around in the basket and I would sing aloud (the worst thing

**TIGERS CLIMB BY TAKING TWO FROM SENATORS**

Dizzy Trout and Hal Newhouse turned in two fine pitching performances to whip the Senators, 2 to 1 and 7 to 1, at Washington in the latest development of their road winning streak that started in Philadelphia last Wednesday night, when an error let Trout beat Bobo Newson, of the A's in a 2-1 struggle. Trout has pitched two of the six games with Rufus Gentry, Johnny Gorsica, Stubby Overmire and Newhouse also going the route in the other games.

Meanwhile the Yankees twice beat the St. Louis Browns at Yankee stadium, before 59,161 (54,725 paid), largest crowd of the season. The Yanks took the opener, 4 to 3, in 12 innings when George Caselet forced home the winning run by walking Johnny Lindell with the bases loaded. The nightcap was comparatively easy for the Bronx Bombers, 8 to 1.

**Cardinals Split**

The Cardinals, breezing along in the National league top spot, walloped the New York Giants at St. Louis 10 to 3 in the first game, but had to be content with a split when the Giants took the nightcap 7 to 5. Giants manager Mel Ott hit his first homer away from the Polo grounds in two years.

Charley Grimm's Chicago Cubs surprised by blasting the Boston Braves, 15 to 1 and 14 to 5 at Wrigley Field. Al Javery, Braves' starting hurler, was banished during the second game for disputing Umpire Jocko Conlan's calling of balls behind the plate.

The Boston Red Sox wound up their home stand by whipping the Chicago White Sox twice, 4 to 3 and 9 to 2, to sweep a four-game series. The double setback dumped the Sox into the cellar.

**Reds Take Pair**

Cincinnati shoved Brooklyn deeper into seventh place in the national loop by winning a doubleheader, 5 to 3 and 6 to 5. Gee Walker's single with two out won the nightcap, which went 10 innings.

Cleveland made it three straight over Connie Mack's Philadelphia Athletics by taking the first game

of a twin bill, 5 to 4, in 11 innings but dropped the nightcap, 3 to 2, on Steve Gormek's wild pitch in the eighth. George Kell of the A's scored from second on the errant heave. In the opener Bobo Newson fanned 12 batters, but still was the losing pitcher.

Frank Colman's pinch triple in the eighth gave Pittsburgh a 4 to 3 triumph over the Phillies in the first game of their twin bill at Pittsburgh. The Phils were ahead, 9 to 4, in the second game when it was called after the eighth inning because of the Sunday curfew law. The last inning will be played the next time the Phils visit Pittsburgh. Until then the game does not count in the standings.

**Not an A Card in Ye Group**

Wherever they went, they walked . . . on guard at every step. Hardships taught our forefathers the virtue of self-reliance and the need for co-operation. Thus, in the humble cradle of privation, the spirit of our Democracy was born.

Our enemies foolishly ignored the enduring influence of our Nation's heritage when they jeered that we were too soft to fight. Little did they dream that, almost overnight, free men could perfect the finest and best-equipped fighting forces the world has ever seen.

So, today when good citizens see an A card on a windshield, they recognize it as a symbol of what people can accomplish who have learned from experience to work together to attain a common objective.

That same spirit will win this war—and in peacetime that same unity of effort will keep America strong and prosperous for our men and women now on the fighting front.

"Today I went fishing," Dave writes. "I dug some worms and started in at the village dam with the intention to fish down to the outlet.
